A highly motivated, open-minded, and flexible Computer Science graduate with hands-on experience in UX/UI design, eager to leverage a diverse skill set to explore new technologies and contribute creatively to the Service Hub team. My background, including managing daily operations with Microsoft Excel at India Post, highlights a strong aptitude for data organization. Coupled with my UX design skills, I possess a keen interest in visualization and analytics. Passionate about digital transformation, I am keen to enhance international collaboration and drive innovative solutions through strong communication and visualization skills within a dynamic, customer-oriented environment.
